

Codsall Middle School

Coronavirus (COVID-19): Outbreak Management Plan

The aim of this plan

If our school or local area sees an extremely high prevalence of coronavirus (COVID-19) infection rates and existing measures in our community have failed to reduce this, the appropriate authorities will decide which additional measures to implement to help contain the spread. These measures may involve implementing a number of restrictions, which could include the partial closure of schools and childcare settings in our area. Measures may also be necessary to help minimise the impact from new coronavirus variants.

This outbreak management plan, outlines how the school will operate if further restrictions are implemented. The school will work closely with the local authority outbreak Team and health protection team (HPT) and implement provisions as advised by the team.

This is a live document that will be reviewed by the Headteacher/Deputy Headteacher, in conjunction with other key stakeholders, as and when the situation develops.

Restrictions to attendance

The government has advised that all schools should continue to operate as normal and that all pupils should attend school unless required to self-isolate.

The Outbreak Management Plan is designed to act as a containment measure where:

- There is extremely high prevalence of coronavirus.
- Other measures have already been implemented.
- There is a need to minimise the impact from a new coronavirus variant.

Restricting attendance in any form will only be used as a last resort. Where restrictions to attendance are implemented, they will be kept to a minimum, allowing for the maximum number of pupils to attend education; however, in all circumstances, priority will be given to vulnerable pupils and the children of critical workers to attend full time.

As part of their outbreak management responsibilities, LAs, Directors of Public Health, and HPTs may advise individual settings or a cluster of closely linked settings to limit attendance in one of the ways described in this section.

Unless advised otherwise, the school will allow all pupils to attend. If the Outbreak Management Plan is implemented, the school will only allow the following pupils to attend on-site provision:

- Vulnerable pupils
- Children of critical workers

Infection prevention and control

The school's Infection Control Policy will continue to be adhered to – this policy meets the requirements set out in the DfE's system of controls.

Any member of the school community who displays symptoms of coronavirus will be required to self-isolate and encouraged to get a confirmatory polymerase chain reaction (PCR) test.

Tests can be booked online or ordered by telephone via NHS 119. Critical workers, including school staff, have priority access to testing.

All schools are currently being provided with rapid-result lateral flow device (LFT) testing kits, to identify asymptomatic cases of coronavirus.

If a variant of coronavirus classed as a variant of concern (VoC) is identified within the school's geographical area, the school will partake in targeted testing by the Department of Health and Social Care (DHSC) to help suppress and control any possible new cases. The school will also adhere to advice from Directors of Public Health in relation to the temporary reintroduction of face coverings.

If a pupil develops symptoms of coronavirus while on site, they will be taken to a designated isolation area while they wait to be collected. If required, the pupil will be supervised while they await collection. If the supervising member of staff is unable to socially distance, e.g. due to the pupil's age or needs, they will wear PPE.

After the pupil has left the premises, any areas they were in will be cleaned. The pupil's parents will be encouraged to get their child tested with a confirmatory PCR test as soon as possible. In the case that the result is positive, the pupil will be required to self-isolate for at least 10 days – remote education will be arranged for them immediately via the provision of a remote learning pack.

If a staff member develops symptoms while on site, they will be directed to go home immediately to self-isolate and to get a PCR test. Cover arrangements will be put in place.

Any staff members or pupils who have been in close contact with a symptomatic individual at school will not need to self-isolate unless they develop symptoms themselves. From 16 August, fully vaccinated adults, and pupils under the age of 18 who have been identified as close contacts of a positive case via the NHS Test and Trace service will not need to self-isolate unless advised by a healthcare professional.

Unvaccinated adults and adults who have only had one dose of the vaccine will need to continue to follow the rules on self-isolation if they have been identified as a close contact of a positive case.

If an individual tests positive, the school will contact the LOC Team for advice.

The individual's close contacts at school – where they do not fulfil the criteria outlined in this section of the contingency plan from 16 August – will be sent home to self-isolate for 10 days and encouraged to get a PCR test. If more individuals test positive, the school will follow advice from the LOC Team, which may include requiring more people to self-isolate.

As the result of an outbreak during step 4 of the coronavirus recovery roadmap, a temporary requirement could be implemented for staff to resume wearing face coverings. This may include face coverings being reintroduced in communal areas and classrooms for members of staff. The school may also be required to reintroduce the use of bubbles in order to resume social distancing and limit the transmission of coronavirus. The school will adhere to any conditions set out by the LOC Team.

Teaching and learning

If restrictions to on-site education are required, the school will offer immediate access to high-quality remote education for all pupils who are required to remain at home.

Where advised during a local outbreak, further restrictions may be enforced with regards to certain musical and drama activities, e.g. singing, for pupils attending on-site provision, to help reduce the risk of transmitting coronavirus via aerosols. Restrictions may also be reintroduced to contact and indoor sports. The school will follow the advice provided by the LOC Team.

The school will use a range of remote teaching methods to cater for all different learning styles.

Teachers will ensure lessons are suitable to the class group's age and ability, inclusive for all pupils, and will be adapted, where necessary, to account for the needs of disadvantaged pupils and pupils with SEND.

When teaching pupils who are working remotely, teachers will:

- Set work online via MICROSOFT TEAMS so that pupils have meaningful and ambitious work each day that will be marked by their teacher.
- Deliver a planned, coherent and well-sequenced curriculum which allows skills to be built incrementally.
- Provide frequent, clear explanations of new content through high-quality curriculum resources, including through educational videos.
- Assess progress by using questions and other suitable tasks and use assessment to ensure teaching is responsive to pupils' needs and addresses any critical gaps in pupils' knowledge.
- Adjust the pace or difficulty of what is being taught in response to questions or assessments, including, where necessary, revising material or simplifying explanations to ensure pupils' understanding.
- Provide opportunities for interactivity, e.g. questioning and reflective discussion.
- Provide scaffolded practice and opportunities to apply new knowledge.
- Enable pupils to receive timely and frequent feedback on how to progress, using digitally-facilitated or whole-class feedback where appropriate.
- Plan a programme that is of equivalent length to the core teaching pupils would receive in school, ideally including daily contact with teachers.

In exceptional circumstances, the school may reduce its curriculum offering to enable pupils to cope with the workload – the Senior Leadership Team will assess this need, keeping pupils' best interests in mind, and will not take the decision lightly.

The school will utilise the support available through the DfE's ['Get help with technology during coronavirus \(COVID-19\)'](#) scheme. Under the scheme, the school can order laptops, tablets and 4G wireless routers to support the following groups of pupils if they do not have access to a digital device or the internet through other means:

- Clinically extremely vulnerable pupils across all year groups who are not attending school in line with government and/or clinical advice
- Pupils in any year group who have been advised to shield because they, or somebody they live with, are clinically extremely vulnerable

Before distributing devices, the school will ensure:

- The devices are set up to access remote education.
- Appropriate safeguarding controls and support are in place to help pupils and their families use the devices safely.
- Arrangements follow the procedures outlined in the school's Loaning School Equipment Policy.

Once devices are ready for collection, the school will either arrange for them to be collected by families from school or delivered to pupils' homes, ensuring infection control measures are adhered to as part of this process.

Returning to school

The Headteacher will work with the LA to ensure pupils only return to school when it is safe for them to do so. Prior to the return of more pupils and staff, all relevant risk assessments will be reviewed.

Where advised to do so by the LOC Team, the school may encourage staff to undertake LFT tests at home prior to their return to school and/or for a period of time following their return. The school will continue to recognise that testing is voluntary.

The Headteacher will inform staff, pupils and parents, prior to the return to school, whether any further restrictions, such as the use of bubbles and face coverings, have been resumed.

After a period of self-isolation, or the relaxation of restrictions, the Headteacher will inform parents when their child will return to school.

The Headteacher will listen to all concerns that parents may have about their child returning to school and will advise them of the measures in place to ensure the safety of their child.

Safeguarding

Ensuring safeguarding arrangements remain effective during periods of restricted attendance is a key priority. Our Safeguarding Policy has been updated to include provisions for keeping pupils safe during the coronavirus pandemic, both at home and in school – we will continue to follow these procedures for pupils who remain at home, where appropriate, until all pupils are able to return to school.

We will continue to ensure that:

- The best interests of pupils always come first.
- If anyone in the school has a safeguarding concern about a pupil, they act immediately.
- A DSL or deputy DSL is always available.
- Unsuitable individuals are not permitted to work with pupils or come into contact with pupils whilst on site.

- Pupils who remain at home are protected when they are online.

A trained DSL or deputy will remain on-site where possible. Where this is not possible, e.g. they are required to self-isolate, the school will ensure that the DSL or deputy, or a DSL or deputy from another school, are available to contact at all times.

Food provision

We will provide meal options for all pupils who are attending school via our own canteen. Where this is not possible we will allow children to bring a packed lunch.

We will provide FSM or supermarket vouchers to eligible pupils who are not attending school, where they:

- Are self-isolating.
- Have had symptoms or have tested positive.
- Are not attending due to the implementation of local restrictions advised by the government.

The Operations Director will facilitate the provision of supermarket vouchers to eligible children during their time at home.

Communication

The school will communicate its plan for addressing any imposed restrictions with parents, including in relation to:

- Opening arrangements.
- Access for specific targeted groups where applicable, such as certain year groups, vulnerable pupils and children of critical workers.
- Any reviews of the school's protective measures as part of our risk assessments.
- The arrangements for remote working.

All relevant stakeholders will be kept up-to-date with the circumstances of any imposed restrictions and how these affect the school as the situation develops.

If any member of the school community wishes to discuss any concerns relating to the school's provision during this period, they should contact the following as appropriate:

- Staff – their line manager
- Pupils – their class teacher
- Parents – the Headteacher, Deputy Headteacher or Assistant Headteacher

Monitoring and review

This plan will be reviewed continually, by the Headteacher/Deputy Headteacher, in line with guidance from the government and Public Health England (PHE).

Any changes to the plan will be communicated to all relevant stakeholders as soon as possible.
