Individual Responsibilities

It is important that pupils recognise the difficulties which staff may encounter in ensuring that the purpose and intent of the Anti-Bullying Policy can be effectively introduced and enforced. In this regard, pupils are expected to:

- Report all incidents of bullying using the procedures in place
- Act in a respectful and supportive manner to their fellow pupils, reporting and suspected incidents which the victim may be afraid to report
- Adhere to and promote the aims and objectives of this policy
- Refrain at all times from any behaviour which would constitute bullying or fellow pupils

Parents too can play a vital role in supporting our school and this policy by:

- Stressing to pupils the importance of social behaviour
- Reporting any misgivings they have concerning bullying
- Actively endorsing and supporting the Anti-Bullying Policy
- Noting that it is never appropriate to use physical violence towards a bully or to seek a bully.
- Monitor online activities outside of school.
- Ensure that parental settings are set on electronic devices to prevent inappropriate activities.

Evaluation Procedures

In order to assess the effectiveness of the policy, the following standards will be used as means of measuring performance:

- Variations in number of reported incidents over a given period.
- Individual incident returns, including nil returns within given periods for different age groups
- Variations in number of pupil absences, including post-registration absence, as an indicator of bullying.

The school will review this policy annually and assess its implementation and effectiveness. The process and timescale for review is February 2022. The policy will be promoted and implemented throughout the school.

Final responsibility for its introduction and implementation will rest with the Headteacher, who will consult with the Governing body. However, it is important to remember that all staff, pupils and parents have an active part to play in the evolution, development and maintenance of this policy.

Our ultimate aim is to provide a learning environment, free of any threat or fear which will enable us to support the aspirations, achievement and welfare of everyone in the school community.
