

Codsall Middle School Provider Access Policy Statement

(To include The Department of Education, July 2021: “Baker Clause” and the Provider Access Legislation, January 2023)

Ownership: Codsall Middle School

Date updated: January 2025

Rationale

High quality careers education and guidance in school or college is critical to young people’s futures. It helps to prepare them for the workplace by providing a clear understanding of the world of work including the routes to jobs and careers that they might find engaging and rewarding. It supports them to acquire the self-development and career management skills they need to achieve positive employment destinations. This helps students to choose their pathways, improve their life opportunities and contribute to a productive and successful economy.

As the number of apprenticeships rises every year, it becomes increasingly important that all young people have a full understanding of all the options available to them post-16 and post-18 including wider technical education options such as T-Levels and Higher Technical Qualifications.

Commitment

Codsall Middle School is committed to ensuring there is an opportunity for a range of education and training providers to access students, for the purpose of informing them about approved technical education qualifications and apprenticeships. Codsall Middle School is fully aware of the responsibility to set students on the path that will secure the best outcome which will enable them to progress in education and work and give employers the highly skilled people they need. That means acting impartially, in line with the statutory duty, and not showing bias towards any route, be that academic or technical.

Codsall Middle School endeavours to ensure that all students are aware of all routes to higher skills and are able to access information on technical options and apprenticeships (The Department of Education, July 2021: “Baker Clause”: supporting students to understand the full range of education and training options, and the Provider Access Legislation, January 2023).

Aims

Codsall Middle School’s policy for Access to other education and training providers has the following aims:

To develop the knowledge and awareness of our students of all career pathways available to them, including technical qualifications and apprenticeships.

To support young people to be able to learn more about opportunities for education and training outside of school before making crucial choices about their future options.

To reduce drop out from courses and avoid the risk of students becoming NEET (Young people not in education, employment or training).

Student Entitlement

Codsall Middle School fully supports the statutory requirement for students to have direct access to other providers of further education training, technical training and apprenticeships. The school will comply with the legal requirement to provide meaningful encounters with providers of approved technical education qualifications or apprenticeships. This will be done through assemblies, careers week and both external and internal visits.

This policy has been developed and is reviewed annually by the Careers Leader, Head teacher and approved by Governors, based on current good practice guidelines by the Department for Education.
